List of Contributors VII

Foreword XIII

Preface XV

Part One Strategies & Resistance 1

1 **Comparison of Anti-ectoparasite and Anti-endoparasite Therapies and Control Strategies 3**

Debra J. Woods, Tom L. McTier, and Andrew A. DeRosa*

2 **Vaccination Against Ticks 25**

*Theo P.M. Schettlers**

3 **Blocking Transmission of Vector-borne Diseases 43**

*Sandra Schorderet-Weber, Sandra Noack, Paul M. Selzer, and Ronald Kaminsky**

4 **The Threat and Reality of Drug Resistance in the Cattle Tick *Rhipicephalus (Boophilus) microplus* 95**

Heinz Sager, Léonore Lovis, Christian Epe, and Ronald Kaminsky*

5 **Monitoring Drug Sensitivity in Cattle Ticks 109**

*Leonore Lovis, Christian Epe, Ronald Kaminsky, and Heinz Sager**

6 **New Developments in the Control of Human Lice 119**

*John M. Clark**

Part Two Screens & Models 139

7 **Molecular Targets to Impair Blood Meal Processing in Ticks 141**

Petr Kopáček, Jan Perner, Daniel Sojka, Radek Šíma, and Ondřej Hajdušek*

- 8 **Whole-organism Screens for Ectoparasites** 167
Jeffrey N. Clark and Cedric J. Pearce*
- 9 ***In vitro* Feeding Methods for Hematophagous Arthropods and Their Application in Drug Discovery** 187
Ard M. Nijhof and Katharine R. Tyson*
- 10 **Testing in Laboratory Animal Models for Ectoparasiticide Discovery and Development** 205
Sandra Schorderet-Weber and Ronald Kaminsky*
- 11 **Testing in Target Hosts for Ectoparasiticide Discovery and Development** 223
*Jeffrey N. Clark**
- Part Three Isoxazolines** 243
- 12 **Isoxazolines: A Novel Chemotype Highly Effective on Ectoparasites** 245
*Tina Weber and Paul M. Selzer**
- 13 **The Discovery of Afoxolaner: A New Ectoparasiticide for Dogs** 259
Ming Xu, Jeffrey K. Long, George P. Lahm, Wesley L. Shoop, Daniel Cordova, Ty Wagerle, Ben K. Smith, Thomas F. Pahutski, Rafael Shapiro, Michael Mahaffey, Eric J. Hartline, Brandon R. Gould, Molly E. Waddell, Richard G. McDowell, John B. Kinney, Gail S. Jones, Robert F. Dietrich, Mark E. Schroeder, Daniel F. Rhoades, Eric A. Benner, and Pat N. Confalone*
- 14 **Development of Afoxolaner as a New Ectoparasiticide for Dogs** 273
Laura Letendre, Diane Larsen, and Mark Soll*
- 15 **Discovery, Development, and Commercialization of Sarolaner (Simparica®), A Novel Oral Isoxazoline Ectoparasiticide for Dogs** 295
Debra J. Woods and Tom L. McTier*
- 16 **Isoxazolines: Preeminent Ectoparasiticides of the Early Twenty-first Century** 319
*Alan Long**
- Index** 353
