Rickettsia sibirica 124, 129, 134
Rickettsia sibirica mongolotimonae 124, 129, 137
Rickettsia slovaca 124, 138
Rickettsia species 123–124, 129
 – characteristics 124–125
 – clinical guidelines 320
 – decontamination 319
 – diagnosis 130
 – – clinical 130–131
 – – laboratory 131–134
 – disinfection 319
 – epidemiology 138–142, 141
 – pathogenesis 134–136, 135
 – – clinical and pathological findings 136–138
 – phylogenetic classification of 126
 – – ancestral group 129–130
 – – spotted fever group (SFG) 128–129

- Rickettsia* species (*contd.*)
- transitional group (TRG) 129
 - typhus fever group (TFG) 126–128
 - prevention 319
 - prophylaxis 319
 - protection 318
 - treatment 320
- Rickettsia typhi* 124, 125, 126, 128, 130, 131, 134, 136, 137, 139, 140
- Rickettsiaeae* 126
- rickettsioses. *See Rickettsia* species
- Rift Valley fever virus (RVFV) 263
- characteristics 263–264
 - clinical and pathological findings in humans 265
 - decontamination 355
 - diagnosis and surveillance 267–268
 - disinfection 354–355
 - epidemiology 264–265
 - pathogenesis 266–267
 - prevention 355
 - prophylaxis and treatment 265–266
 - protection 354
 - treatment 356
- RNA-dependent RNA polymerase (RdRp) 274, 275
- Rochalimaea* 126
- Rocky Mountain spotted fever (RMSF) 123, 124, 128, 137, 138
- rpmE*-tRNA^{fMet} intergenic spacer 134
- s**
- 16S rRNA gene sequence 132
- Sabiá virus 214
- Salmonella enterica* 159
- saspB* gene 10
- sca1* gene 133
- sca4* gene 134
- sca* gene 125, 132
- scotochromogens 150
- scrub typhus group (STG) 126
- Seoul virus (SEOUV) 273
- SEOV 276, 277
- septicemic plague 94
- serological investigations 11
- serum agglutination test 39
- shell vial* technique 59
- single nucleotide polymorphisms (SNP) 31, 159
- single nucleotide repeat (SNR) analysis 11
- sin nombre virus (SNV) 273, 276
- Siphonaptera* 103
- small cell variants (SCVs) 58, 62
- small pox. *See orthopoxviruses*
- smears 151–152
- Spermophilus beechyii* 107
- Spermophilus variegatus* 107
- spoligotyping 162–163
- spotted fever group (SFG) 128–129
- Sudan ebolavirus* 237
- Sudan virus (SUDV) 237, 240, 242, 243
- sylvatic plague 99
- t**
- tabardillo* 126
- Tai Forest ebolavirus* 237
- Taï Forest virus (TAFV) 237, 239, 242
- Thogotovirus* 175
