Preface *XI*

List of Contributors *XIII*

1	Introduction	1
	<i>Sterling Clarren, Amy Salmon, and Egon Jonsson</i>	
1.1	The Content of This Book	2
1.2	What is FASD?	4
1.3	How Common is FASD?	5
1.4	What is the Economic Burden of FASD?	6
1.4.1	Annual Cost Per Person with FASD	6
1.4.2	Comparing Costs	7
1.4.3	Cost of Prevention versus Cost of Inaction	8
1.5	Approaches to FASD Prevention	9
1.5.1	Universal Prevention	9
1.5.2	Screening for Prenatal Alcohol Exposure in Obstetric Settings	11
1.5.2.1	Meconium Testing	12
1.5.2.2	Maternal Self-Reporting	12
1.5.3	Selective Prevention	13
1.5.4	Indicated Prevention	14
1.6	FASD Prevention in Aboriginal Communities	16
1.7	Main obstacles to Preventing FASD	17
1.8	Challenges in Measuring Effectiveness of FASD Prevention Initiatives	18
1.9	Who is Responsible for the Prevention of FASD?	19
	References	21
2	An Overview of Systematic Reviews on the Prevention, Diagnosis, and Treatment of Fetal Alcohol Spectrum Disorder	27
	<i>Maria Ospina, Carmen Moga, Liz Dennett, and Christa Harstall</i>	
2.1	Introduction	32
2.2	Objective and Scope	34
2.3	Methodological Approach	34
2.3.1	Elements of Assessment	34

2.4	Results	35
2.4.1	Search Results	35
2.4.1.1	Characteristics of Systematic Reviews Included in the Overview	36
2.4.2	Systematic Reviews on Prevention of FASD and Prenatal Alcohol Use	37
2.4.2.1	General Characteristics	37
2.4.2.2	Methodological Characteristics of Systematic Reviews on Prevention of FASD and Prenatal Alcohol Use	40
2.4.3	Methodological Quality of Systematic Reviews on Prevention of FASD and Prenatal Alcohol Use	42
2.4.3.1	Characteristics of the Evidence Presented in the Systematic Reviews on Prevention Approaches to FASD and Prenatal Alcohol Use	43
2.4.3.2	Qualitative Synthesis of the Evidence on the Effectiveness of Prevention Approaches to FASD and Prenatal Alcohol Use	44
2.4.3.3	Highlights of the Overall Results	51
2.4.4	Systematic Reviews on the Diagnosis of FASD	54
2.4.4.1	General Characteristics	54
2.4.4.2	Methodological Characteristics of the Systematic Review on Diagnosis of FASD	55
2.4.4.3	Methodological Quality of Systematic Reviews on Diagnosis of FASD	55
2.4.4.4	Characteristics of the Evidence Presented in the Systematic Review on the Effectiveness of Diagnostic Approaches to FASD	56
2.4.4.5	Qualitative Synthesis of the Evidence on the Effectiveness of Diagnostic Approaches to FASD	57
2.4.4.6	Highlights of the Overall Results	59
2.4.5	Systematic Reviews on the Treatment of FASD	59
2.4.5.1	General Characteristics	59
2.4.5.2	Methodological Characteristics of Systematic Reviews on Therapeutic Approaches to FASD	61
2.4.5.3	Methodological Quality of Systematic Reviews on Therapeutic Approaches to FASD	62
2.4.5.4	Characteristics of the Evidence Presented in the Systematic Reviews on Therapeutic Approaches to FASD	62
2.4.5.5	Qualitative Synthesis of the Evidence on the Effectiveness of Therapeutic Approaches to FASD	64
2.4.5.6	Highlights of the Overall Results	69
2.5	Discussion	69
2.5.1	FASD Prevention	71
2.5.2	FASD Diagnosis	72
2.5.3	FASD Treatment	73
2.5.4	Methodological Quality of the Overview of Systematic Reviews	73
2.5.4.1	Strengths and Limitations	73
2.6	Conclusions	74
	Appendix 2.A: Methodology	74

Search Strategy	74
Study Selection Process	74
Data Extraction	78
Methodological Quality Assessment	78
Data Analysis and Synthesis of the Results	81
Appendix 2.B: Excluded Studies and Multiple Publications	81
Excluded Research Studies	81
Multiple Publications of Studies Included in the Review	83
Appendix 2.C: Summary Tables of Overall Characteristics of Systematic Reviews on Prevention, Diagnosis, and Treatment of FASD	84
Appendix 2.D: Methodological Quality of Systematic Reviews Included in the Overview	93
References	96

3 A Systematic Review of the Effectiveness of Prevention Approaches for Fetal Alcohol Spectrum Disorder 99

Maria Ospina, Carmen Moga, Liz Dennett, and Christa Harstall

3.1	Introduction	105
3.2	Objective and Scope	108
3.3	Methodological Approach	108
3.3.1	Elements of Assessment	108
3.4	Studies on the Effectiveness of FASD Preventive Approaches	109
3.4.1	Search Results	109
3.4.2	Characteristics of Included Studies	110
3.4.2.1	General Characteristics	110
3.4.2.2	Characteristics of the Populations	111
3.4.2.3	Characteristics of the Interventions	112
3.4.2.4	Components of the Interventions	113
3.4.2.5	Characteristics of the Outcomes	115
3.4.2.6	Types of Result Reported in the Individual Studies	115
3.4.3	Methodological Quality of the Studies	118
3.4.4	Highlights of the Overall Results	119
3.4.4.1	Populations	120
3.4.4.2	Interventions	120
3.4.4.3	Outcomes	120
3.4.4.4	Methodological Quality	121
3.5	Evidence on the Effectiveness of Universal Prevention Approaches for FASD	121
3.5.1	Characteristics of Included Studies	121
3.5.1.1	General Characteristics	121
3.5.1.2	Characteristics of the Populations	122
3.5.1.3	Characteristics of the Interventions	122
3.5.1.4	Components of the Interventions	125
3.5.1.5	Characteristics of the Outcomes	125

3.5.1.6	Types of Result Reported in the Individual Studies	125
3.5.2	Methodological Quality of the Studies	128
3.5.3	Results of Qualitative Synthesis of the Evidence	130
3.5.3.1	Clinical Trials	130
3.5.3.2	Observational Studies	131
3.5.4	Summary of the Overall Results	137
3.5.4.1	General Characteristics	137
3.5.4.2	Populations	137
3.5.4.3	Interventions	137
3.5.4.4	Outcomes	137
3.5.4.5	Methodological Quality of the Studies	138
3.5.4.6	Evidence on the Effectiveness of Universal Prevention Approaches	138
3.6	Evidence on the Effectiveness of Selective Prevention Approaches for FASD	145
3.6.1	Characteristics of Included Studies	145
3.6.1.1	General Characteristics	145
3.6.1.2	Characteristics of the Populations	145
3.6.1.3	Characteristics of the Interventions	146
3.6.1.4	Components of the Interventions	147
3.6.1.5	Characteristics of the Outcomes	149
3.6.1.6	Types of Result Reported in the Individual Studies	149
3.6.2	Methodological Quality of the Studies	152
3.6.3	Results of Qualitative Synthesis of the Evidence	154
3.6.3.1	Clinical Trials	154
3.6.3.2	Observational Studies	161
3.6.4	Summary of the Overall Results	164
3.6.4.1	General Characteristics	164
3.6.4.2	Populations	165
3.6.4.3	Interventions	165
3.6.4.4	Outcomes	165
3.6.4.5	Methodological Quality of the Studies	165
3.6.4.6	Evidence on the Effectiveness of Selective Prevention Approaches	165
3.7	Evidence on the Effectiveness of Indicated Prevention Approaches for FASD	173
3.7.1	Characteristics of Included Studies	173
3.7.1.1	General Characteristics	173
3.7.1.2	Characteristics of the Populations	174
3.7.1.3	Characteristics of the Interventions	174
3.7.1.4	Components of the Interventions	175
3.7.1.5	Characteristics of the Outcomes	176
3.7.1.6	Types of Result Reported in the Individual Studies	178
3.7.2	Methodological Quality of the Studies	178

3.7.3	Results of Qualitative Synthesis of the Evidence	180
3.7.3.1	Clinical Trials	181
3.7.3.2	Observational Studies	182
3.7.4	Summary of the Overall Results	184
3.7.4.1	General Characteristics	184
3.7.4.2	Populations	185
3.7.4.3	Interventions	185
3.7.4.4	Outcomes	185
3.7.4.5	Methodological Quality of the Studies	185
3.7.4.6	Evidence on the Effectiveness of Indicated Prevention Approaches	185
3.7.5	Analysis of Publication Bias	189
3.8	Discussion	189
3.8.1	Characteristics of the Study Populations	189
3.8.2	Characteristics of the Interventions	191
3.8.3	Characteristics of Study Outcomes	191
3.8.4	Methodological Quality of the Studies	192
3.8.5	Main Findings	193
3.8.6	Universal Prevention Approaches	193
3.8.7	Selective Prevention Approaches	194
3.8.8	Indicated Prevention Approaches	195
3.8.9	Strengths and Limitations	195
3.8.10	Methodological Issues and Research Directions in the Evaluation of FASD Prevention Interventions	196
3.9	Conclusions	198
	Acknowledgments	199
	Competing Interest	200
	Appendix 3.A: Methodology	200
	Search Strategy	200
	Study Selection Process	207
	Data Extraction	208
	Methodological Quality Assessment	208
	Data Analysis and Synthesis of the Results	213
	Appendix 3.B: Excluded Studies, Multiple Publications and Studies Pending Full Publication	213
	Excluded Research Studies	213
	Multiple Publications of Studies Included in the Review	222
	Studies Pending Full Publication	223
	Appendix 3.C: Summary Tables of Overall Characteristics of Studies on Prevention Approaches to FASD	224
	Appendix 3.D: Operational Definitions of Prevention Approaches to FASD	235
	Appendix 3.E: Study Evidence Tables	240
	Appendix 3.F: Characteristics of the Interventions	304

Appendix 3.G: Methodological Quality of the Studies Included in the Review	320
