<b>Preface</b>		<b>3</b>
<b>Chapter 1. Alkaloids</b>		<b>9</b>
1.1 Pseudopelletierine	From the root-bark of the pomegranate tree	9
1.2 Colchicine	From the seeds of the autumn crocus	29
1.3 Capsaicin	From Kenyan "African Bird's Eye Chilies"	49
<b>Chapter 2. Coloured Compounds</b>		<b>69</b>
2.1 Thymoquinone	From the oil of the seeds of black caraway	69
2.2 Berberine Chloride	From the bark of the common barberry	89
2.3 Carminic acid	From dried cochineal	109
2.4 Safflomin A	From flowers of the safflower	129
2.5 Chlorophyll <i>a</i>	From deep frozen spinach leaves	151
<b>Chapter 3. Carbohydrates and Glycosides</b>		<b>175</b>
3.1 Raffinose	From the seeds of blue lupins	175
3.2 Fraxin	From the shredded bark of the ash tree	195
3.3 Stevioside	From the dried leaves of <i>Stevia rebaudiana</i>	215
<b>Chapter 4. Terpenoids</b>		<b>235</b>
4.1 Linalool	From Brazilian rosewood oil	235
4.2 Camphor	From camphor tree oil	255
4.3 Cantharidin	From Spanish fly <i>Lytta vesicatoria</i>	275
4.4 Artemisinin	From the dried leaves of the annual mugwort	291
4.5 Diosgenin	From an extract of the roots of Mexican yams	311
4.6 Friedelin	From cork from the bark of the cork-oak	331
4.7 Boswellic acid	From frankincense, the resin of the Arabian olibanum tree	353
<b>Chapter 5. Aromatic Compounds</b>		<b>375</b>
5.1 Sinensetin	From cold-pressed orange oil	375
5.2 Rosmarinic acid	From the dried leaves of lemon balm	391
<b>Chapter 6. Quantum Chemical Calculation</b>		<b>411</b>

<b>Appendix</b>	<b>417</b>
Spectroscopic Experiments	417
External Photographic Credits	418
Text Credits	419
Chemical Substance Index	421
General Subject Index	424
Name Index	432
