A trailblazing compass for the modern woman

Women Rising imagines a future where feminine power is celebrated. In a landscape saturated with calls to "lean in," fit in, and adapt, *Women Rising* instead invites women to reimagine the very foundations of their world - and forge a new path. Patriarchal structures of power continue to limit how women work, lead, live and succeed. With this book, you'll identify the paradoxes and inner archetypes that define and confine us, leave us exhausted, and sabotage the very success we are working so hard for.

With a unique lens crafted through decades as a leader in the world's largest organisations, and from coaching thousands of women globally, Megan Dalla-Camina illuminates a new way forward, making visible the invisible reach of the patriarchy. She reveals how women today continue to be limited and undermined by pervasive cultural ideas about how women "should" act and behave. Moreover, she offers tools and strategies we can use to craft a future where women can succeed on their own terms.

It's time to create a new paradigm of womanhood, leadership, and feminine power - and change the world. *Women Rising*:

- Unveils the world of patriarchal norms and the forces of conditioning that subtly sabotage women's efforts.
- Reveals how paradoxes around empowerment, leadership, motherhood, authenticity, confidence, privilege serve to limit our success.
- Unpacks the internal realm of self-imposed limitations and expectations, breaking down the 13 archetypes that are used to mask and criticise women.
