Dear Professor Nozoe,

It is a great pleasure for me to meet you at the Japan Academy. We have known each other for rather many years and this encounter is for me an extraordinarily happy one. It is indeed nice to see one of our dear foreign members of the Chemistry class of the Royal Swedish Academy of Sciences. Thank you Professor Nozoe.

Dear Professor Nozoe, Thank you very much for this visit to your laboratory and for this unique opportunity to discuss tropicoid chemistry of mutual interest.

With kindest
Regards
Mitsunobu
