To ~~(all)~~ the participants of the 2nd Workshop on  
Calixarenes and Related Compounds.

Dear fellows:

It is truly great pleasure to see some old friends and  
make new friends of you on this special occasion.

I would be very grateful if you kindly write some  
comments together with a structure which you are  
specialized in or your favorite one on this autograph book.  
Because I do not want to disturb the progress of the  
symposium, please hand it over to another person  
(especially plenary and invited lecturers) here or at hotel.

Thank you very much for your cooperation.
