李劍鋒 1982.9.4

Jung Shih-Fun

President, Chinese Chemical Society

It is a great pleasure meeting you in your old "stamping
grounds" in Taipei - especially after having read your
most interesting autobiography! You look just as well in
person as you do on the pictures!

It is a great pleasure indeed to meet you
on the occasion of the 50th Anniversary of the
Chinese Chemical Society in Taipei. Best regards
and hope to meet you again in the future.

Mohinder
