

Congratulations and very best wishes from  
a visitor from Ireland, my first experience  
of Japan

Tony McKervey

It is nice to be here and to find you again  
in good health.

Walter Bohner

It is a real pleasure to be in  
Japan, especially in Kurume - both  
in view of the interesting science and  
culture

Förg Schneider

The occasion of a visit to Japan for  
such an excellent symposium is a pleasure.  
It is even more pleasure to be able to  
congratulate you on your contribution.

Jerry Atwood
