

Dear Prof. Nozoe,
I learn from this book that you are the "father"
of ISNA. Thank you for your interest in my
research and being so friendly. With kind
regards,

all-HOMOCALIXARENES
(1992)
(endo-acidic, basic)
(n = 0-10)

FUTURE I: FROM SUPRAMOLECULAR CHEMISTRY TO
"SYNTHETIC BIOLOGY". (Discussion with Jerry)

FUTURE II: Why not joint
Japanese-German
Chemorecognition-Projects?!
(Discussion with Seiji)
