

(222)

Many best wishes to a pioneer in the field of non-benzenoid aromatic chemistry from a mere beginner.

M. V. Sargent

Professor Nozoe

Cambridge — Very pleased to have met you in
Nottingham was not too frightening! — with
best wishes

STERIGMATOCYSTIN.

1953-62 Sterigmatocystin. It kept us very busy for many years. The name was originally given to this compound by Japanese workers.

Correct structure published 1962.

John C. Roberts 26th Sept^r 1966.
