

Very pleased to see prof. Nozoe  
at Firmenich & Co.

Geneva, Oct. 7th. 1966.

R. Sundt  
Lucy Sundt.

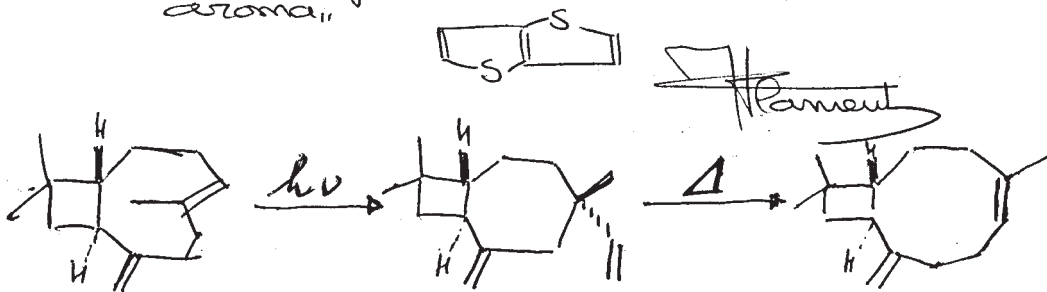

odour or no odour - ?  
That is the question.

What an honour for Firmenich and Co  
to receive today Prof T. Nozoe, the  
famous specialist in the terpenoids de-  
partment. We are thankful to him for his  
brilliant speech to our chemists:

I hope he will enjoy his stay in  
Geneva during these beautiful days  
of bright fall

Roger Firmenich

One evening in Geneva. With "coffee flavor  
aroma"
