

With pleasant memories of our short chat  
and the hope that <sup>13</sup>C NMR may tell us  
something about the Topolones

9/11/66

J. B. Stothers

do memory of a very brief but very  
enjoyable visit and chat Nov 9, 1966  
Pete Howell

P. de M + hν → considerable lowering of  
energy.

Many thanks from my wife & myself for  
a memory of Japan which will last a lifetime.

邦人先を以て之に。改めて日本人で  
あること。いかに其の来たる感激を新に  
するに及ぶ事なす。

Chemistry is Best と < します。

Only my fault is  for  $\alpha$ -Vetivone

Nov. 9 1966 at London Canada
