

The absolute configuration  
of mitomycin A determined by  
X-ray analysis at Lederle Labs.

Pearl River, N.Y. USA. — J. Swabb 11/15/66

Totally synthesized a  
bacterial cell wall  
precursor

I am most happy to welcome Professor Nozoe  
to Lederle Laboratories thirteen years after  
his first visit. Leon Goldman  
Nov. 15, 1966
