

(584)

One of my most interesting tasks was to review in 1960 about 150 papers on tropolones for the Annual Reports of the Chemical Society. The novelty of this work made it a great pleasure to meet the author of it.
My "tropolone" is

Arthur J Birch ANU
Australia
5/9/77

$\mu = 0.8 D$

Ron Brown
Monash Univ
Australia

$\mu = 0.5 D$

$\mu = 0.6 D$

Kirouyuki Ogata
