

It is not only a great privilege but also a special delight to join all previous visitors of prof. Nozoe.

This is a piece Japanese - Czechoslovak interactions in chemistry:

$i, j, k, l \dots 3, 5, 7, 9, \dots?$

(and also another invitation to visit Czechoslovakia)

Tokyo, December 15, 1977

Rudolf & Milena Jabrůnk
(Prague)

(Na toto setkání jsem čekal 20 let!)
