

It is a great pleasure for me to have had an opportunity to see you whose name is well known world widely.

A. Toyoshima

For four scores and fifteen years chemists were fascinated with six-membered rings. After your pioneering work, Prof. Ironman Nozoe, many turned to seven-membered rings.

Here just a few samples

With heartiest congratulations to the 77th birthday.

March 28, 1979

Audré Weidung

With my best wishes for you and your wife
