

a nice antibiotic of Japanese origin on which I have had the pleasure to work for many years.

P. Sulzer
Gif-sur-Yvette

With my best thoughts, in souvenir of the old days at Sendai or Gif, and now here again and before a lecture in this Institute, to Professor Nozoe, with also my best regards,

Borden

Gif-sur-Yvette

This is the antibiotic hormone from the Crab *Carcinus maenas* (Jamaica) isolated by Ferguson some years ago.
