米國留學歸心の途上にて

November 15, 1956

It is always a pleasure to meet a master of his field, and I greatly appreciate the privilege of learning something of the art of topological chemistry from Professor Nizor. Many thanks and very best wishes for the continuance of that important work.

Sincerely,
Gene P. Greenstein

How very pleasant it is for us to see you on this side of the world now - and we hope it will be on our side soon.

Ruth Alice N. Halstrand

At last, the pleasure of meeting the Chemist whose reputation is so often mentioned at Thierhill - a pleasure even to one who, if not a chemist himself, is at least married to one.

Robert Halstrand
