

Mary Teresi

Sept 1980

What a pleasure to meet you after having followed your pioneering contributions in the Tropolones, about 30 years ago.

With kindest regards, Itzhak Khorana

A most pleasant occasion!
M. I. T. Sep 15, 1980

Edward T. Davis - with great interest in
Esther Khorana

Japan for its many successes in fermentations, and for producing the type that yields stikimic acid and Elizabethan Davis

Vera Biemann, who looks forward to her first trip to beautiful Japan.

E. J. Corey

14 Sept. 1980

My last entry in Nozoe-sama's chemical journal was just about 15 years ago in Sendai.

So glad to see you again!
I remember our being together in Tokyo!
Love Bob

Jack and Elsa Buchanan
with fondest memories from
a trip to Japan in 1977.
