No chemistry - fortunately -
but competent for dishes
and convenience of guests -
a good addition of the hus-
band!

Accepted!

Meidi Loeinger,

I hope that whenever I
will have necessary happy returns
to Switzerland and Europe
because so many dear
friends of Professor Waser
like very much to publish
in Waser's *Quarta Acta*. So
do I. I wish you and your
wife joy and happiness
in this trip
