Information regarding VAT

The charges for publication as page charge, cover pictures, and color figures are considered to be “supply of services” and therefore subject to German VAT. However, if you are an institutional customer outside Germany, the tax can be waived if you provide us with the VAT number of your company. Non-EU customers may have a VAT number starting with “EU” instead of their country code if they are registered with the EU tax authorities. If you do not have an EU VAT number and you are a taxable person doing business in a non-EU country, please provide certification from your local tax authorities confirming that you are a taxable person under local tax law. Please note that the certification must confirm that you are a taxable person and are conducting an economic activity in your country. Note: certifications confirming that you are a tax-exempt legal body (non-profit organization, public body, school, political party, etc.) in your country do not exempt you from paying German VAT.
